Citizens Object to the Parking System on North Side of Canyon Square --- Will Petition For Change

Delay In Mailing Of May Warrants To Recipients

Warrants to recipients of Old-Age Assistance, Aid to the Blind and Aid to Dependent Children were being mailed from the State Department of Public Welfare offices in Austin, Monday, May 5 and will continue as rapidly as possible according to Mrs. Vivian Cummings of the local office of the State Department of Public Welfare. Mrs. Cummings states that this means recipients will receive their warrants for May a few days later than usual. This delay was occasioned by a delay in the Federal Congress on a deficiency appropriation making Federal money available to the states.

Mrs. Cummings stated that state money was available and that warrants were written in accordance with the usual procedure but that the mailing of such warrants could not begin until Federal matching funds were received by the state.

John H. Winters, Executive Director, of the Texas State Department of Public Welfare announced that checks were being mailed to 194,042 persons on the Old-Age Assistance rolls who are to receive \$5,612,586 this month. This is an average Old-Age Assistance payment of \$28.92; 5,276 blind persons were to receive \$166,241 with an average payment of \$31.51; 13,935 families representing 35,169 children are being paid \$584,488 this month. This is an average of \$41.94 per family.

Rotary Ann Night Was Observed by Local Rotary Club

Rotary Anns were honored Tuesday night by the members of the Canyon Rotary Club.

Welcome to the Anns was given by President Bob Jarrett of the club. An informal program was presented, which consisted of group singing, led by Glenn Truax; violin solos by Mr. Truax accompanied by Mrs. Truax; a group of solos by Miss Mary Lee Abbott; and a travel picture.

Favors for the Rotary Anns were provided by Dr. James Russell, and flowers for the decorations were furnished by George Cox.

New Officers To Be Installed by Parent-Teacher

New officers will be installed when the Canyon Parent-Teacher Association meets Thursday afternoon, May 15, at 3:30, in the grade school library for the final program of the year.

Parents of pre-school children are being given special invitations to attend. A social hour will be held following the installation.

Mr. and Mrs. S. M. Mahle plan to leave this week for Bryan where they will visit a daughter.

Citizens took the parking situation on the north side of the square in their own hands Saturday, Sunday and Monday and started angle parking. The City Commission put a man on the job Tuesday morning to restore parallel parking.

The situation seems to sum up as follows: There has been much dissatisfaction over parallel parking, which is applied in the business district only to one block on the north side of the square. In addition to difficulty of parking in this manner, the sidewalk along the north side is so high that when a car is properly parked near the curb the right door of the car cannot be opened.

City Commissioner Allan Farlow explains that the city is not trying to enforce an unpopular city ordinance. He recalls that months ago when the State Highway Commission agreed to take over the maintenance of Fourth Avenue, the city was required to agree to parallel parking. A petition was filed by property owners who agreed to this system in order that the city be able to save hundreds of dollars in maintaining the street. The state placed a topping on the street through Canyon. The commission feels that it would be breaking faith with the state if parallel parking was now abandoned without first consulting the highway department.

Mr. Farlow says that he signed the petition asking for parallel parking, but will sign a petition asking now that the system be abolished. It is proposed that if the state demands a wider street that angle parking be permitted on the north side and that double parking on the south side be abolished. As many cars can be accommodated by angle parking on the north side as may now park parallel on both sides. In addition to this, trucks are not supposed to park on the court house side, but trucks use this space almost daily.

The petition to abolish the present parking system will likely go to Austin in a few days.

Phone Strike Continues But Outlook Better

The telephone situation remains the same, with the strike passing the 30 day mark. The only agreement in sight is the rejection by the company of the union demand for a national wage scale. It was indicated Wednesday that the union will agree to adjustment of the salary scale in the various divisions of the Bell System.

In reply to the gift of \$123 which was given by local citizens, the Chamber of Commerce has received the following letter from Misses Mattie Foster and Faye Oatis, who have remained on the job and given excellent service during the strike:

"It is most gratifying to know that one's efforts are appreciated and especially in this case you have shown it in such a magnificent manner. We are indeed grateful for your kind expression. You business men and the public have been very cooperative during this emergency and we thank you," stated the letter received from the two operators.

Mr. and Mrs. Vincent Lockhart and son of Canadian spent Thursday night at the home of his mother, Mrs. W. E. Lockhart.

Mrs. H. L. Hines of Amarillo was a recent guest in the home of her daughter, Mrs. Rhone Mobley.

Mrs. August Fry of Dawn was a Canyon visitor Saturday.

Cancer Campaign Time Extended Until May 10

Time has been extended on the Cancer Campaign according to an announcement made this week by Rev. Hubert Thomson and Rev. Joseph Findley, who are in charge of the drive.

"Since we started late in April on the Cancer Control Drive, we are keeping the campaign open until May 10, in hopes that our quota will be paid in full. We are still about \$80 short of the goal," Rev. Thomson stated.

Persons who wish to contribute are invited to send their donations to Rev. Thomson or Rev. Findley this week. "It is very important that we do our part in this campaign," they concluded.

Girl Scouts Will Hold Open House On Tuesday Night

Girl Scouts will hold open house Tuesday night, May 13, at 7:30 in the Scout Room over the Samuelson Motor Co., with girls from each of the eight local troops participating. Heading the local organization is Mrs. W. W. Nicklaus, president of the Girl Scout Council.

Brownies will be presented in Fly-Up and Investiture ceremonies. Leaders of these troops are, Mrs. Noble Armstrong and Mrs. F. M. Hacker, assisted by Mrs. Lyle Bonner.

All parents of Girl Scouts and citizens of Canyon, especially those who have contributed to Scout funds, are urged to attend the open house and observe the various activities and accomplishments of the troops.

Mrs. Lemore Hill of Borger was a guest last week in the home of her parents, President and Mrs. J. A. Hill.

South Amarillo Citizens Oppose Proposed Bonds

In order to ascertain sentiment regarding the proposed bond issues in Randall county, local citizens attended a meeting at the Trinity Methodist Church in South Amarillo Thursday night. Those attending from Canyon were: Delbert Lowes, W. A. Warren, A. B. Holt, G. A. Farlow, Clyde Warwick. They were joined by three County Commissioners, L. S. Johnston, Calvin Casey and Clarence Beckman.

Clyde Warwick was named chairman of the meeting, which was attended by about 75 citizens of South Amarillo.

Opposition to the bond issues was led by J. H. Cooper, Santa Fe yardman, who violently opposed the leadership of Chambers of Commerce as being against the interest of the working man. Several others in the audience agreed, and practically all who spoke were opposed to all of the bond issues.

A vote was finally taken on the proposed community house for South Amarillo, and about 50 citizens unanimously voted against such a building as being necessary.

Mr. Lowes presented the proposed bond issue for the road bond issue and Mayor W. A. Warren explained the air port bond issue.

Those who spoke on either subject denounced the proposed issues. The opinion was presented that the farmers should build their own roads, and that Canyon should build its own airport if the people here want one.

No vote was taken on either of the latter projects as it was evident that those who attended were opposed to any sort of bond issues for Randall county.

Office Closed Yesterday For Drafting Men

The office of the Randall County Selective Service Board was closed yesterday. The moving van called for the records of the local board, which are being assembled at Austin.

The local board held its final meeting Thursday, but no business was transacted.

Mrs. Tommye Prichard, clerk of the board since its organization in 1940, locked up the office after the records were moved out. The office has been retained until May 31st by Selective Service at which time the furniture will be disposed of in some manner. No word has been received as to the disposal of the furniture.

The war department authorized the local board to place in the county library the record of the department of the dead and missing of the county during World War II. This record is as complete as could be compiled by the War Department, and is the only authentic record that has been recorded of the dead and missing. Citizens of the county have access to this record.

Mr. and Mrs. Ed Gibson, formerly of Canyon, now of Childress, spent Tuesday here with their children and left Wednesday for Stockton, Calif., to spend the summer with relatives.

Dr. William Lockhart and two daughters of Alpine spent the week end here at the home of his mother, Mrs. W. E. Lockhart. He was on a business trip for a few days.

Mr. and Mrs. T. E. Russell and children, Erma and Aubrey Lee, of Panhandle visited here with Mrs. Faye Cannady and Mrs. Letha Lehnick during the week end.

Mr. and Mrs. Glenn Hartsell of Texline were in Canyon attending to business and visiting with friends Saturday. They are former residents of this city.

Mrs. Jimmie Campbell and children of Amarillo were recent guests in the home of Mrs. Campbell's parents, Mr. and Mrs. I. M. Steen.

Dr. Leo Duflet is in Dallas this week to attend the meeting of the State Medical Association. He will return Thursday or Friday.

Miss Mildred Gill returned Friday to her work in Dallas after a ten-day visit in the home of her parents, Mr. and Mrs. R. E. Gill.

Mr. and Mrs. C. R. Cole of Pratt, Kansas, were week end guests in the home of Mr. and Mrs. O. W. Parker, Jr.

Mr. and Mrs. J. L. Harden and children, Jimmie and Barbara Ann, spent Saturday and Sunday visiting in Muleshoe.

High Schools To Hold Joint Service May 25

Rev. Leon M. Hill, Amarillo, will be guest speaker for the joint baccalaureate service to be held for members of the graduating classes of both the Canyon and West Texas State High Schools, May 25, at 8 p. m., in the auditorium of the college education building.

Reverend Hill is pastor of the San Jacinto Baptist church in Amarillo and also serves as president of the Ministerial Alliance in that city.

Arrangements for the service are under the supervision of Supt. E. A. Wooten of the Canyon High School and Supt. F. E. Savage of the West Texas State School.

Special vocal numbers will be presented by the Canyon High A Cappella Choir, directed by M. D. Sheppard, and the West Texas High orchestra, under Glenn Truax, will provide music for the processional and recessional.

All citizens and churches of this city are invited to participate in this joint service, it was announced.

Henry F. Miller Sets Record With Five Subscriptions

Henry F. Miller has set a record at The News office by renewing his subscription and that of his four daughters for the coming year.

While the daughters are scattered over the nation, they continue to receive the home town paper through the generosity of their parents.

Brother Canyon Resident Dies

Funeral services for Arvel Meador, brother of Mrs. Albert Byars of this city, were conducted Monday afternoon in Amarillo.

Mr. Meador, bedridden since he was gored by a bull 12 years ago, died at 8:17 o'clock Saturday morning in an Amarillo hospital. He was well known in Amarillo where he operated one of the Panhandle's largest magazine subscription agencies, despite his handicap.

Theft of Tools Been Reported

Carpenter's tools valued at approximately \$250 and a 22 rifle were taken from Jim Strain's car early Saturday night when it was parked in front of his home.

It is believed that the tools were stolen before 10 o'clock, and a reward of \$25 has been offered by Mr. Strain for their return.

Dr. and Mrs. E. J. Cundiff, Elaine and James, have returned from San Antonio where Dr. Cundiff attended the State Dental Convention. While away, they visited in Corpus Christi and with Mr. and Mrs. Floyd Dunaway in Austin. Mr. Dunaway, a former resident of Canyon, is a brother of Mrs. Cundiff.

Mrs. J. F. Matthews and Mrs. Baker Womble of Hereford were guests of Mrs. J. M. White Tuesday. They and Mrs. White attended the Garden Club tour in Amarillo.

Mrs. T. V. Slack, Jr., and daughter of Perryton were visitors Saturday with her parents, Mr. and Mrs. J. J. Wright.

Dr. Law Sone of Fort Worth, president of Texas Wesleyan College, spent the week end at the home of his father, C. L. Sone.

School Committee Is Named In Proposed Tax Election For the Benefit of the Canyon Schools

Plans for an election to authorize the Canyon Independent School Board to increase the tax rate in the school district were advanced this week by the appointment of a citizens' committee which will work with the trustees on this project.

The Chamber of Commerce appointed the committee as follows: Mrs. E. D. Harrell, chairman, W. C. Black, Mrs. T. H. Knighton, C. L. Thompson, L. D. Winn, Earl Burtz, Mrs. J. D. Barker.

The school trustees have issued a detailed statement in this issue of The News on the operation of the schools during the past and gives an estimate as to the money which will be needed to operate the schools under the new laws which have been passed by the legislature. It is clearly pointed out that teachers cannot be paid the minimum salary as required by law unless taxes are increased; and likewise tuition must be raised for students who are transferred to Canyon for school purposes.

It is likely that the trustees will call the election on the tax increase at its regular meeting next week.

Showers Drop Temperature, But Little Rain

Light showers fell in Canyon Monday and Tuesday. However, locally the moisture measured only 25 of an inch for both of these showers.

The shower of 20 of an inch fell Monday night following a hard wind for several minutes.

An electrical storm accompanied the shower of .05 of an inch Tuesday evening. There was a heavy wind and hail over the South Plains, centering around Lubbock where much damage was reported.

Wheat in Randall county is developing fine. Some fields are being estimated as high as 40 bushels to the acre.

The heat wave of Saturday and Sunday when the temperature went to 96 degrees, was followed by much cooler weather following the rains of Monday and Tuesday.

MRS. G. A. PRATER IS HOSTESS PARK CLUB

Roll call was answered with, "the electrical equipment we plan to buy," when members of the Park Home Demonstration Club met May 3, in the home of Mrs. G. A. Prater.

A helpful demonstration on the topic, "Adequate Wiring in Building Plans," was given by Miss Lou Ella Patterson, home demonstration agent.

Attending were: Miss Patterson, Mrs. Willie Mae Stevens, Mrs. A. T. Burks, Mrs. H. A. Henson, Mrs. G. A. Colling, Mrs. Leonard Winters, Mrs. H. A. Simon, Mrs. Calvin Casey, Mrs. J. H. Bartlett, Mrs. O. E. Sherer, Jr., Mrs. Flynn Winters, Mrs. O. E. Winger, Mrs. Bill Bishop, Mrs. Frank Simon and Mrs. Prater.

Mr. and Mrs. Harold Brown of Amarillo visited Saturday night with Mr. and Mrs. E. A. Brown of this city.

Mr. and Mrs. Tod Cone of Pampa are guests this week in the home of his parents, Mr. and Mrs. Henry Cone.

Music Festival To Be Presented At Grade School

Friday morning at 10 o'clock, the first four grades of the Canyon Public Schools will present their annual spring music festival in the grade school gymnasium.

The two first grades will present the first portion of the program, featuring songs and various types of rhythm work.

Grades two, three and four will give the operetta, "A Sunny Spring Morning," a musical which tells the story of spring flowers, sunbeams and raindrops that overcome Duke Dandelion and his henchman, Freddy Frog.

There will be no admission charge, and the public is invited to attend this presentation.

Sale of City Lots Drew Brisk Bidding at the Court House

The sale of city lots for delinquent taxes under Sheriff's Sale drew a good crowd of bidders Tuesday. The county took this means of clearing the tax rolls of delinquent taxes on desirable building sites.

Most of the former owners of the lots were unknown.

All but one of the 40 lots put up for sale brought more than the costs against the property.

Stork Specials

Mr. and Mrs. John Grissom are the parents of a son, Mark Edward, who arrived April 13, in Southwest General hospital, El Paso. Mrs. Grissom is the former Freda Gill of Canyon.

Mr. and Mrs. Dan Altman of Post announce the arrival of a son, Dan, Jr., May 1. Mrs. Altman will be remembered as Billy Greenfield.

Happy Resident Is Killed When Car Overtakes

Odell Priddy, 32, of Happy, was killed late Wednesday night, when his car overturned several times on the highway between Canyon and Amarillo. He died shortly after reaching Amarillo where he was rushed for treatment.

Indications along the highway led to the belief that the radius rod on Mr. Priddy's car had become loose, causing the accident.

Mr. Priddy had been a resident of Happy since 1938, and he was employed at the Happy Implement Company as a mechanic and welder at the time of his death.

Surviving are the wife and one daughter, Ople Dee; his parents, Mr. and Mrs. T. J. Priddy of Coleman, four brothers and two sisters.

Funeral services were held Sunday afternoon at the Happy Baptist church of which he was a member. Arrangements were under the direction of N. S. Griggs Funeral Home.

FRIENDS ENTERTAINED IN NANCE RANCH HOME

Mrs. George Nance and Mrs. J. M. White were hostesses at Bridge Monday afternoon when they entertained a group of their friends at the ranch home of Mrs. Nance.

The entertaining rooms were decorated with bouquets of bluebonnets, irises and lilacs.

At the conclusion of play, Mrs. J. L. Duflet was awarded high score, and low went to Mrs. W. A. Warren. A salad course was served by the hostesses during the refreshment hour.

The guest list included: Mrs. J. S. Humphreys, Mrs. C. R. Burrow, Mrs. R. A. Neblett, Mrs. Wes Kleinschmidt, Mrs. W. Holmes Smith, Mrs. Hosea Foster, Mrs. Warren, Mrs. Gordon Lyons, Mrs. Duflet, Mrs. J. Madison Daugherty, Mrs. Hud Prichard, Mrs. J. D. Barker, Mrs. Lee Foster, Mrs. F. E. Savage, Mrs. S. L. Ingham, Mrs. Ples Harper, Mrs. Glenn Dowlen, Mrs. Clyde W. Warwick, Mrs. Clarence Thompson, Mrs. Guy Harp, Mrs. Ray Campbell, Mrs. Clyde McElroy, Mrs. Bryan McDonald, and Mrs. Dan Sanders.

Mr. and Mrs. E. D. Walker are visiting with relatives and friends at Malta Bend, Mo. They are former residents of that city.

Mr. and Mrs. Jack Maddox of Oshkosh, Wisconsin, spent the week end in the home of Mr. and Mrs. E. D. Walker.

Fern Zimmer visited with her father, Anton Zimmer, in Pleasant Valley, Sunday.

Editorials

THEY ARE "AGIN"!

The Canyon Chamber of Commerce has proposed that the citizens of the county vote bonds for public improvements which the people have requested. The Chamber is sponsoring the bond issues only because the improvements are needed, and will do much toward the future development of the county. If the people want these improvements, members of the Chamber are willing to devote their time to working for the bond issues.

If the people do not want the bond issues, now is the time to speak up.

Two meetings have been held in South Amarillo for the purpose of discussing the bond issues. The part of Amarillo which is in Randall county considers that it is no-man's land. The citizens there resent the attitude of Amarillo and Potter county in paying no particular attention to their needs. Most of the people in this section work in Amarillo and have little interest in Canyon, or Randall county.

Several years ago there was a South Amarillo Club which worked for the interest of the people of that section. The Newsman attended many meetings held by the club and always came away feeling that in time the natural barrier between this part of the county and Canyon might be eliminated through mutual understanding.

The situation has changed since the bond issues were proposed.

Instead of demanding that Randall county build a community house in South Amarillo, 50 of the 65 persons who attended the meeting Thursday night voted unanimously in opposition to the construction of such a community center. There has been a decided change in sentiment regarding the construction or need of such a center.

While no vote was taken on the proposed farm-to-market bond issue, sentiment of those who spoke on the project clearly indicated that those people feel that the farmers of Randall county should build their own roads in view of the fact that they were getting higher prices for their products than ever before, and were saving the tax on their gasoline for road purposes. As for the air port in Canyon, all speakers stated that if Canyon wanted an air port the people here should build the airport themselves. South Amarillo has an airport, built by private capital.

Practically all of those attending the meeting Thursday night were union men employed on the railroads, or were clerks in down-town Amarillo institutions. Maybe they represented the sentiment of South Amarillo regarding the proposed bond issues; and then again it may have been an organized minority who spoke out violently against any county improvements, especially in the face of present high prices.

This was the first public meeting held outside of Canyon in reference to the proposed bond issues. Those who attended from Canyon were not particularly surprised at the prevailing attitude of the citizens of that part of the county. Many of them feel that they are annexed to Randall county for taxation purposes only, and are not getting a square deal as to street, water, lights, schools, parks and recreational facilities. Maybe they are not to blame for this attitude. Those of us who live in Canyon might feel the same way if we lived in South Amarillo.

Perhaps it might be the wise thing to drop the plans for building community centers in Canyon and South Amarillo since no one seems to have definite ideas regarding the buildings for either place.

Perhaps the road program is entirely too ambitious for the present time, and should be reduced in size. The State may be able to build more farm-to-market roads in the immediate future than are contemplated now.

Perhaps the present set-up for the airport development between the City Commission and Commissioners Court should be continued.

We are only guessing. There will be many who think that the bond issues should be presented to the people and let them decide, regardless of any block op-

position which seems to have developed.

Officers of the Chamber of Commerce have something to think about.

Sentiment is developing rapidly in Canyon that the voters must do something about the school situation, and do it right now. Whereas elections to increase local taxes failed two or three years ago in practically every town of the Panhandle, today such elections are carrying almost without opposition. The plight of the schools is bearing down on the people. While all of us have expressed our great concern for the welfare of the schools, we have had an idea that Austin or Washington was going to rush in and finance the schools for us. We are now convinced that if we have good schools, the local taxpayers must bear the financial load. Whereas most of the citizens of Canyon were rather reluctant to express their opinion regarding the increase in local taxes when the last election was held, all of us now realize that we must take a decided stand in favor of increasing local taxes and get behind the trustees in their effort to build the school system to the point of efficiency that will make us proud of the system in Canyon.

We see where many other towns are complaining at the great increase in the number of bums who are travelling through the country at the expense of local communities. So far Canyon has escaped this racket. The idea is to load up the family and start. It matters not where you are going, just start. When you run short on grub and gasoline, just stop at the first town and apply for aid; telling the yarn that you are a returned veteran usually gets results; or that you are taking the family to a medical specialist; or some other yarn. The good hearted official looks you over, and knows that you are lying, but fears that you will be stranded on his community and will cost a lot of real dough if he does not get rid of you. Result: a batch of groceries and gasoline enough to get to the next town; where you go through the same racket. We saw this thing happen in a big way during the last depression; and it is showing up to a small degree now. Canyon is as good a town as there is in the nation, but we do not want to become the dumping place for undesirables, and we will be good for a touch any time instead of allowing a bunch of bums to squat within our boundary. And this is the attitude of every community. It's a sure way to see the country—but somewhat slow, and requires a certain amount of nerve.

We would like to shoot the bird—with our pop gun—who started this daylight saving mess. Here we have in the nation two standards of time, with the people in 12 of the 48 states trying to fool themselves by this daylight saving meddling. As a result a few concerns which operate throughout the nation have to observe the time of New York, regardless of local time or local conditions. Railroads, airlines and many other companies of national scope are observing standard time, even in those places which have tampered with the clocks. We hope that the guy who invented this annual headache misses his transportation—if he has brains enough to get away from home. Just why anyone who wants to go to work an hour earlier does not have gumption enough to go to work an hour earlier without fooling himself by running forward the clock is beyond us. When we are elected president we are not going to stand for any such foolishness.

From this corner it looks like the legislature was going to put Governor Jester in a hot spot. In his campaign last year—right or wrong—he said there was no need for additional taxes. But when the legislature convened so many new ap-

proportions were passed—and signed by Jester—that the big cash balance which was left by Governor Stephenson has been spent, and the prospects are for a large deficit before the end of the fiscal year. On top of that the largest appropriations in the history of Texas are pending. Jester has warned against excess spending. Isn't he too late? He advocated 3½ million dollars for the Negro university—for which there are no students; he advocated higher school apportionments, and higher teachers salaries; an increase in salaries of all state employees. Who is going to pay the bill? The Governor claims that he has a mandate from the people not to increase taxes. Just how is he going to get around more taxes without slashing the appropriations for existing institutions and departments? We wish that we knew what he has in mind.

It is good news when some of the big unions of the nation sign up for moderate increases in pay. Practically any industry can pay 10% to 15% if the workers will produce while they are on the job. Big steel figures that it was a good investment to increase pay with the understanding that the men would put forth more effort. Steel and automobile output has been woefully deficient because the workmen refused to work while on the job.

According to a report from the treasury department more people are buying government bonds than are cashing them. For several months after the war ended (or is it ended?) people rushed out to spend their money. Some were forced to cash their savings, while

others thought that they would certainly get to buy the things that they needed, and cashed their bonds for this purpose. Money is not going for new machines and equipment as fast as the people thought a couple of years ago. The people are waiting until equipment is more plentiful, and with the further hope that prices will get better and materials improved. Therefore savings bonds continue to be popular. Another bond campaign is set for June and July in order to induce more people to keep their money safely invested in the safest investment in the world.

We are told that the reason you cannot buy that new car is due to the fact that our factories are shipping their products out of the nation in order to hold the future market. Auto manufacturers figure that no foreign car will ever be approved by Americans. But they want to make sure that no foreign factory gets the jump on them by supplying the natives with the cars of American built. Pretty smart deal, even if Americans have to drive their old cars a little longer.

The labor racketeers will learn one of these days that the people are about fed up with their tactics. Laws to curb union activities are being passed by practically every state legislature. Who is to blame? No one but the greedy labor leaders themselves, who want more dues from their members in order to swing the big stick. The people are not anti-labor, but they are anti-labor racketeering.

ly to Washington before June 30, the deadline for the granting of a \$500,000 Export-Import Bank loan. The Chinese are working on the assumption that their chances for a credit bill will be better if they make the first move with a detailed program. Agricultural and railroad equipment will be major projects outlined in the loan request.

Austria's debts to the U. S., for help in food and other material dur-

ing the period of liberation from the Nazis, will be written down to a low figure, only a fraction of what actually was spent. But Austria is to be called upon to pay for coal delivered from the U. S. and British zones in Germany.

McCORMICK - DEERING

Farm Implements

When you buy farm implements you want to be sure that the machine is of standard make.

By this we mean:

Can you get repairs when the machine goes out of commission? McCormick-Deering machines, products of the International Harvester Company, comes from the biggest farm machinery company in the nation. These machines have stood the test of time. They have to be good, to have achieved their fine reputation.

Sure you can get repairs?

McCormick-Deering machines have been sold, repaired and guaranteed in Canyon since 1908. Our shop is well equipped, and manned by mechanics who know International machinery. We have a large stock of parts, and can give you splendid service on repairs.

But now, right now, before it is too late, is the time to have all of your farm equipment put into running condition for 1947. We are sorry, but there will be few new machines available for 1947. So the old machinery must be made to run for the balance of the year.

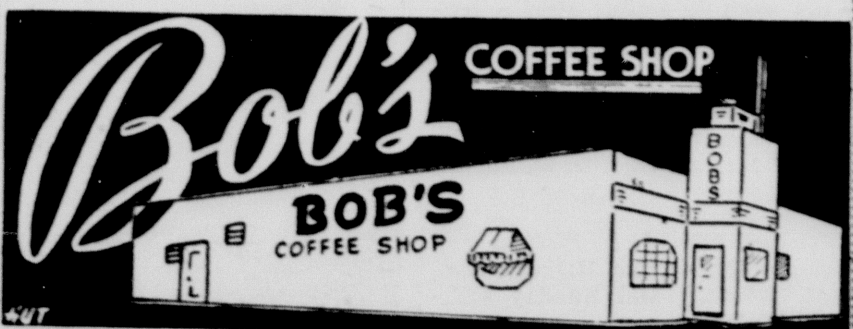

Call on us today for the repairs that you will need later on.

BOYCE HOUSE "Gives You Texas"

Probably the shortest railroad in Texas, and maybe in the whole United States, was the Eastland, Wichita Falls and Gulf, better known as the "Ringling Road" because it was built by the circus king during the Eastland County oil boom of 1919-21.

The line ran from Mangum thru Eastland to Breakwater—(now do you know any more than you did before?) Someone said, "It runs from no place to nowhere." Anyway, Mangum is 10 miles south of Eastland and Breakwater is a little farther than that north of Eastland. Natural gasoline plants provided the bulk of the freight—(there was practically no passenger business). C. J. Rhodes—wouldn't you know his nickname was "Dusty?"—was general manager. The train went north in the morning and south in the afternoon—or maybe it was the other way around.

Odd thing about the little line was that it was one of the few railroads in the country that went through the depression without having to have government aid in some form. But it is no more. The tracks have been taken up. The dump remains; but in a few years, rains will wash away the last vestige signs of the "littlest railroad."

And speaking of disappearances, can you remember Hostetter's Bitters and Swamp Root? And "tasteless chill tonic"? I took some once and if it was "tasteless," the other kind must really have been something!

Will Rogers once wrote: When I die, my epitaph—or whatever you call those signs on grave-stones—is going to read, "I joked about every prominent man of my time but I never met a man I didn't like." I am proud of that. I can hardly wait to die so it can be carved. And when you come around to my grave, you'll probably find me sitting there proudly reading it.

There are indications that Chiang Kai-shek has set this coming September as his goal for winding up the Nationalist Government's formal civil war with the Chinese Communists. By then, he hopes to control strategic railways. Afterward, Government announcements may describe further fighting as "guerilla outbreaks" or "mopping up" operations.

There is official speculation whether Russia is getting ready to use food products from the Soviet Union for bargaining with other countries. The Government is accumulating and storing stocks of grain, even though official statistics of the Soviet imply that there will be an acute shortage of food in some sections of the country because of drought. Actually, famine is not considered a prospect now.

The British troops occupying Southern Austria are concerned over the possibility that Yugoslavia may attempt to seize Carinthia by force. The British general commanding forces in Carinthia has only two divisions at his disposal now. The Yugoslavs have eight divisions stationed along the frontier. There have been frequent skirmishes during the night time.

Syria has just purchased 20 light planes from the U. S. and is trying to recruit U. S. pilots to train Syrians in their operation. Syria plans to mount 50-caliber machine guns on the planes to police restless Arab tribes.

New Camera Makes Photo in One Minute

Finished Picture Is Equal to Dark Room Products.

NEW YORK. — A revolutionary new camera, which turns out a finished picture one minute after the shutter is snapped, accomplishing in a single step all the processing operations of ordinary photography, was demonstrated here before the Optical Society of America by its inventor, Edwin H. Land of Boston, the discoverer of Polaroid.

Several types have been built, Land said. The inventor, demonstrating a portrait type and also one of the size frequently carried by news photographers, said the process could be adapted to any camera and possibly to making motion pictures.

The camera produces a fully-finished picture, of the same quality as if developed and printed by dark-room technique.

The one-step camera, which uses ordinary silver-bromide film, has its secret in a tiny capsule of chemicals that produces all the ordinary developing and printing steps inside the camera.

After the picture is snapped, the inventor explained, the film rolls onto a piece of special photographic paper, with the two face to face, and in contact, and with the capsule between them. The capsule breaks and the contents spread between the film and photographic paper.

The capsule spreads out the ordinary developer of the silver film and the "hypo" so familiar to photographers.

Also contained are chemicals that control the size of the silver grains that make the picture, the color of the print, that prevent discoloration and that make the process work over a wide range of temperatures.

Land said motion pictures and color pictures have not been made, but that the principles are applicable to both.

Two Sisters Becoming Boys, Doctor Asserts

CAPETOWN, SOUTH AFRICA — Dr. W. P. Steenkamp said that two sisters living in Lansdowne became brothers in the last few months.

Dr. Steenkamp said that several months ago the sisters, aged 15 and 17, started undergoing physical changes. A series of operations is being performed now to permit full male development.

The girls are pleased with the transformation and have taken the names David and Daniel Muller. Daniel wants to join the army, but David said he probably would go on working in a factory.

New Gold Rush On in Alaska; Prospectors Are U. S. Soldiers

FAIRBANKS, ALASKA. — There is a new gold rush in Alaska which rivals in enthusiasm, if not in rich strikes, the famous rush of '49.

Today's prospectors are soldiers stationed in Alaska. Their gold rush is sponsored by the USO and is classed as off-duty recreation. But that doesn't keep the G.I. "sour-doughs" from hoping to strike it rich.

Confronted by soldiers freshly arrived from the United States for postwar duty and demanding "the shortest way to an undiscovered gold mine," the USO leased eight old mining claims near Fairbanks. There the off-duty miners pan for gold and dream of the day they become millionaires.

USO hostesses, most of them native Alaskans, drive the soldiers as far as possible over rough mountain roads in station wagons. On the last part of the trip to the claims, the G.I.s have to pack their pans and shovels through the gorges just as the old-timers did.

Youth Dragged Behind Car; Four Held for Auto 'Gag'

PHILADELPHIA. — Seventeen-year-old Ernest Ulrich, who police said had been tied by a rope to the rear of an automobile and forced to run behind it four blocks before he fell and was battered into unconsciousness, was reported "improved."

Meanwhile, four youths were held in \$5,000 bail each on charges of assault and battery by automobile.

The youths told Ulrich they tied the rope around Ulrich "just as a gag to see how fast he could run." Ulrich, whose clothes were torn from his body, attracted the attention of patrons of a riding academy who cut him free and took him to Methodist hospital.

Vandals Tip Over Pulpit in Church and Rip the Bible

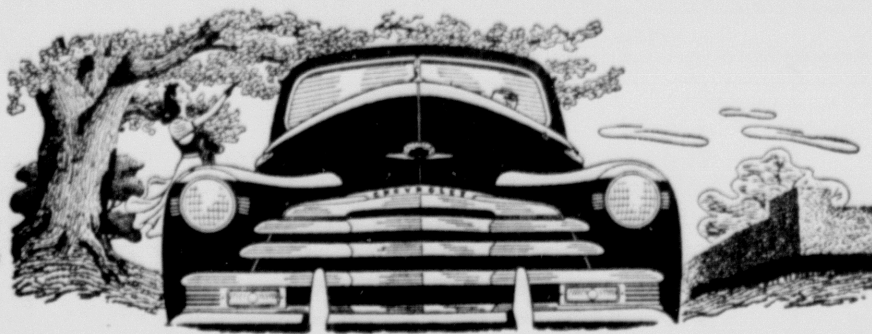

PEORIA, ILL.—Vandals entered Hale Memorial Methodist church, tipped the pulpit over the altar rail, broke off the United States and church flags, tore the back off a bible and caused other damage throughout the building. The damage was discovered by William I. Lewis, a student who is church janitor. In the church basement, dishes sufficient for 150 persons were smashed.

The seriousness of last winter's industrial shutdown in Britain is demonstrated in current negotiations with Argentina. Members of a British Agricultural Mission said originally they could deliver farm machinery to Argentina in 18 months. Now they are saying it may take three years. France's meager bread ration may be cut again before summer. The French may get less bread than the 300-gram daily ration they received under German occupation. The reason is that the Government's efforts to make additional purchases of wheat in the U. S., Canada and Argentina have not been completely successful. Men who cannot attend a business, or community meeting find it possible to get off for a social game.

"MEN AGAINST STARS" IS TOPIC FOR GUILD

Mrs. Al Williams gave an interesting discussion of the topic, "Men Against Stars," when the Presbyterian Guild was entertained in the home of Mrs. R. P. Jarrett, Jr., for the Tuesday meeting.

Mrs. Owens read a report from the meeting of the '46 Annual Presbyterian in Littlefield. A business session and social hour followed with twelve members and one guest.

MAY DAY BANQUET IS GIVEN BY BAPTIST GIRLS

May Day was the theme of the banquet given by the Girls' Auxiliary of the First Baptist church, May 2, in the dining room of the church.

The tables were arranged to form a square which surrounded two large Maypoles. On the floor were scattered seasonal and artificial flowers. Centering the tables were miniature Maypoles, flanked on either side with tall tapers. Floral bouquets were arranged about the room.

Special piano numbers were played by Opal Brant as the group assembled. June Long served as mistress of ceremonies.

Dr. Roy L. Johnson gave the invocation, and Miss Elva Fronabarger, principal of the Canyon grade school, was guest speaker for the occasion. She used as her topic, "Friendship and Fellowship."

Also on the program were Peggy Moore who welcomed the members and their guests. Billie Marie Money and Opal Brant sang a duet, "Friendship," accompanied at the piano by Merle Bullard. A reading, "Kilroy Was Here," was presented by Shirley Goodman. Bob Kilgore led the benediction.

Members and guests present were: Patsy Ford, Mary Ann Baker, Geneva Gressett, Wayne Kelso, Bryce Slack, Billie Marie Money, Marselete Wilson, Ava Dooley, Jane Dodson, Bruce Wilbanks, Mitchell Jones, Wanda Bartlett, Betty Miller, Jimmy Dietz, Peggy Moore, Doris Jean Pitt, Carroll Wray Dickerson, Dorothy Berry, Robert O'Donald, Katie Furlow, Harold Martin, June Long, Billy Dugan, Faye Kinney, Melvin Smith, Janey Forester, Richard Walters, Suzanne Stephenson, Gerald McDuff, Opal Brant, Don Johnson, Lorayne Carter, Robert McClendon, Barbara McDougal, Landon Barrett, Shirley Goodman, Travis W. Army Is Studying Distance Measures

Latest Device Is Claimed More Exact Than Radar.

HAMPTON, VA. — A new electronic distance-measuring device, which the inventor claims is more precise in some respects than war-time radar and suited to a wide assortment of peacetime uses, is now under army scrutiny.
The instrument, called "Raydist" from a wedding of the words radio and distance, is a development of Hastings Instrument Company here. Charles E. Hastings, 33-year-old head of the company, served 11 years with the national advisory committee for aeronautics.
Like Radar, "Raydist" measures the speed of high frequency radio waves in computing distances to "targets." A difference between the two is that Hastings' system requires a radio transmitter at the target point.
Radar bounces its waves off the target unassisted and measures distances automatically by the time required for these echo waves to return.
"Raydist," however, the inventor says, gives considerably greater exactitude and the present degree of error is less than one foot in a mile.
"Raydist" consists of two fixed receivers, which are the main recording station and reference station, and a mobile transmitter. It operates by comparing the phase relationship between signals received from the transmitter.
An important use of "Raydist," Hastings believes, may be in ground control approach for aircraft coming in for blind landings. He also sees it as suitable for surveying and aerial and surface navigation.

Three Children Married; Five Remain 'Next Trip'
CORAOPOLIS, PA. — Albert Dinell, foundry foreman, watched two sons and a daughter marry at a triple ceremony, rubbed his hands briskly and exclaimed: "Now, if I can get my five other children on the next trip, everything will be fine."
Papa Dinell took the credit for promoting the three ceremonies and with a fine sense of responsibility, bought a house and converted it into three apartments as a wedding gift. He also stood the bill for an open house party with 400 guests and an orchestra.
Married were Lawrence, 25, and Yoland Loretta, Coraopolis; Joseph, 23, to Antoinette Maglieri, Coraopolis; and daughter, Virginia, 21, to Albert Dalenzi, of Sewickley. The couples plan a joint honeymoon trip to New York. Ages of the five other children range from 8 to 19.

Byrd Finds Little America Has Moved Four Miles Since 1929
LITTLE AMERICA.—A Mariner plane of the western task group has discovered a new bay in an exploratory flight over the Knox coast area of Wilkesland, Rear-Adm. Richard E. Byrd announced.
The bay, 200 miles wide east to west and 60 miles deep north to south, was mapped during a flight, Byrd told reporters.
The western group also discovered that there is a peninsula west of Adelie coast, where earlier maps had shown a bay, Byrd said. The admiral displayed a map of the Bay of Whales and the Little America area, prepared by Dr. Paul Siple, showing that the first Little America had moved 4 1/2 miles westward since 1929.
The entrance to the Bay of Whales is now only 904 feet wide, Byrd said, and Siple estimated that the bay walls are closing in at a rate of 4 1/2 feet per day. The latter measurement was made at a point along the tractor trail between the bay water and tent town.

Old Model T Auto Parts Are Big Help to Fire Department
MEMPHIS, TENN.—The model T Ford is a virtual museum piece, but delegates to a fire conference here were told how the T is being used effectively in three home-made fire-fighting inventions.
In one case, Model T valve springs were used to separate plates in a device over which hose was laid at points of friction when surging. The springs take up the surge and save the hose.
In a second case, a model T spindle and wheel have been adapted as a one-man, hand-powered hose re-winder.
A third invention mounts a model T starter to power a pumper reel for one-man re-winding.

Alexander Graham Bell Right Smart Man, Oldtimer Admits
HOLDEN, ME. — Howard S. Nauler, "nearly 90," was coaxed by his family into making a telephone call—the first in his life—to an 81-year-old crony who had never before used the contraption, either.
Thomas R. Merritt, 81, of Brewer, said he couldn't hear Nauler any too well, but agreed with him that inventor Alexander Graham Bell—born 100 years ago—had been a right smart man.

Mental Cases Are Increasing

Jump 50 Per Cent in Last Decade; Nation Short Of Proper Help.

WASHINGTON. — Eight million Americans have mental disorders "in some degree," Surgeon Gen. Thomas Parran estimated in his annual report. He said that the nation is "woefully short of personnel" to treat them.

Parran added that mental cases now fill half the hospital beds in the country, yet our existing hospitals are inadequate to care for even the most seriously ill.

He said that the number in mental hospitals had increased 50 per cent in the last 10 years.

Psychiatric disorders he said, are becoming increasingly evident as the cause of juvenile delinquency and crime "as well as personal inefficiency and unhappiness."

"We have but a fraction of the clinics and outpatient services needed to treat mild cases or to care for progressive disorders before they become disabling," Parran reported.

Federal Action Cited.

Parran said passage of the national mental health act "marked the first large scale, coordinated attack," on the problem of providing adequate treatment. This act authorized construction of a mental health research center and allowed federal grants to states for development of mental hygiene services and clinics.

Another step, he said, is the hospital program approved by the last congress. This act provides for federal grants of 75 million dollars in each of the next five years for hospital construction in the states. Parran has announced that he would ask congress to make the first year's appropriations at this session.

"As we have gained victories over the major communicable diseases," Parran said, "conditions such as heart disease, cancer and diabetes have moved to the fore as causes of death. We are intensifying our efforts to combat them."

Economics Unsolved.

"There are not nearly enough physicians, dentists, nurses and other health personnel to go around, nor enough hospital beds and clinics to care for our minimum needs. Those we have are unevenly distributed, so that many areas have no doctors and no health facilities of any kind."

"And finally, we have yet to solve the economic problems of medical care; we have yet to make it possible for everyone, regardless of income, to obtain the basic services needed for the protection of his own health and that of his neighbor. These are our basic objectives of the future."

Weather Conditions Recall Travelers Had Fire Ropes

SEATTLE. — December's disastrous hotel fires in Atlanta and Saskatoon, Canada, prompted Clarence W. Johnson, Seattle, to reminisce about the "good old days" when travelers took individual precautions about hotels going up in smoke.

Johnson, a traveling salesman for many years, said seasoned tourists in the past always carried their own ropes in case of emergency.

"The old-time salesman had to know all the angles," Johnson said. "A bad fire was always a real danger in the days when most country hotels were made of wood."

Part of Johnson's luggage when he was on the road was a rope long enough to lower him from a fourth-floor window. It was knotted at regular intervals to provide handholds.

Gloucester Is in First Place In Nation's Fishing Industry

GLOUCESTER, MASS.—This 323-year-old picturesque port on the shores of granite-strewn Cape Ann paced the nation's fishing industry in 1946 for the fourth successive year.

Total fresh fish unloaded here in 4,507 trips by 265 vessels was 207,390,000 pounds, only 2 per cent less than the all-time record set by this city's fishermen in 1945.

Gloucester easily bested Boston, which reported catches totaling 165,914,000 pounds.

Redfish was king here with a new high of 135,391,000 pounds that overloaded freezers and resulted in a warning to fisherfolk to stop catching that variety until some of the backlog can be sold.

The industry paid out some fourteen million dollars to 3,500 fisherman and wharf workers.

Active Sons Give Father Real Busy Night as Hospital Cop

INDIANAPOLIS. —Night policeman Charley Ford of Indianapolis Methodist hospital had to help unload both of his sons at the clinic as patients.

Twelve-year-old Charles Jr. broke his left arm trying out a pair of roller skates.

An hour later the wagon brought in another son, Walter, who was injured in an automobile accident. He broke his right arm.

There are women who still insist that the bad men are always chasing the girls.

Hope Eternal

By Gwynn Jones

WNU Features.

EPITAPH JONES closed the door of the crazy old cabin with a resounding bang. He gave the house a malignant look before he turned and stamped noisily off the sagging porch.

Though he looked a carefree figure, Epitaph's thoughts were acutely painful. "A weepin' woman. Always a-weepin'. Livin' in lux'ry, a lovin' man, all the work he can do and still she weeps. No sooner she stops weepin' for one thing she begins weepin' for somethin' else. Weep and cry—cry and weep, till I gotta find me some real sunshine somewhere, quick."

As though drawn by a magnet, his feet climbed a steep street, passed a pool hall, a fruit market, a barber shop, a pawn shop. He turned through a white-washed gate into a neat yard where red tubs set on great gray stumps waited their summer cargo of flowers.

Epitaph's knock was answered by a trim young woman who greeted him with a pleased laugh.

"Why, how-de-do, Mr. Jones. I was jest sayin' to myself I wisht that nice Mr. Jones would drop along and here you come promenadin' in. Do have this easy chair, Mr. Jones, and lemme take your hat."

Tearful spring had drifted into gracious summer and summer had faded into frost-tinted autumn when Epitaph again crossed the black and gray ash heaps where grimy children and bony goats still swarmed. He did not swagger now. His raiment was as natty as ever and his cap still clung at a rakish angle but there was a chastened air about him. He had a look of one who has suffered a grievous disillusionment.

"Why how-de-do, Mr. Jones. I was jest sayin' to myself I wisht that nice Mr. Jones would come along."

Pausing before the crazy old cabin, he surveyed it fondly. Then he tip-toed across the sagging porch and slowly pushed open the protesting door.

A TALL thin woman in a dejected black dress appeared from an inner room. She saw Mr. Jones and began to laugh. Mr. Jones felt the universe reeling. Sissy laughing!

"Why Sissy, I thought you was such a weepin' woman. You sick, Sissy?"

"No indeedy. Never felt better in my life. Come right in, Epitaph." Sissy trilled merrily.

"How come you to change so, Sissy?" Sissy chuckled, "Well, when you went off with that gigglin' Cyrene I took a thought to myself. If that no-account Cyrene can laugh another girl's man away from her, I says, I better learn me some laughs too, so I did."

Epitaph shuddered as at a prickling memory. "But Sissy, I don't like laughin' women. Can't you weep jest a little, Sissy?"

"No, I'll weep no more. How come you stayed at Cyrene's so long if you don't like laughin' women, Epitaph?"

"This mornin' she got a—a kind of laughin' fit and throwed a hammer at me. So I took it was kind of a hint and I jest natchelly snuck out and left. Hammer hit me, too."

"Ain't that a shame, Cyrene didn't ought to act so. Now me when I have laughin' fits I jest hurl flat irons," and Sissy caught up one that stood on a near-by table and advanced on her guest in a perfect gale of merriment.

THE west was still bright when Epitaph beached his boat on the sandy shore. A crooked path led him to a small clearing in a wood. On a ragged blanket before a ramshackle hut built mostly of packing cases and tin strips, sprawled a man, idle, relaxed, half-hidden in a haze of rank tobacco smoke. A scrawny hound, equally relaxed, dozed beside him. As Epitaph Jones gazed on that peaceful scene a sense of relief, of security, swept over him.

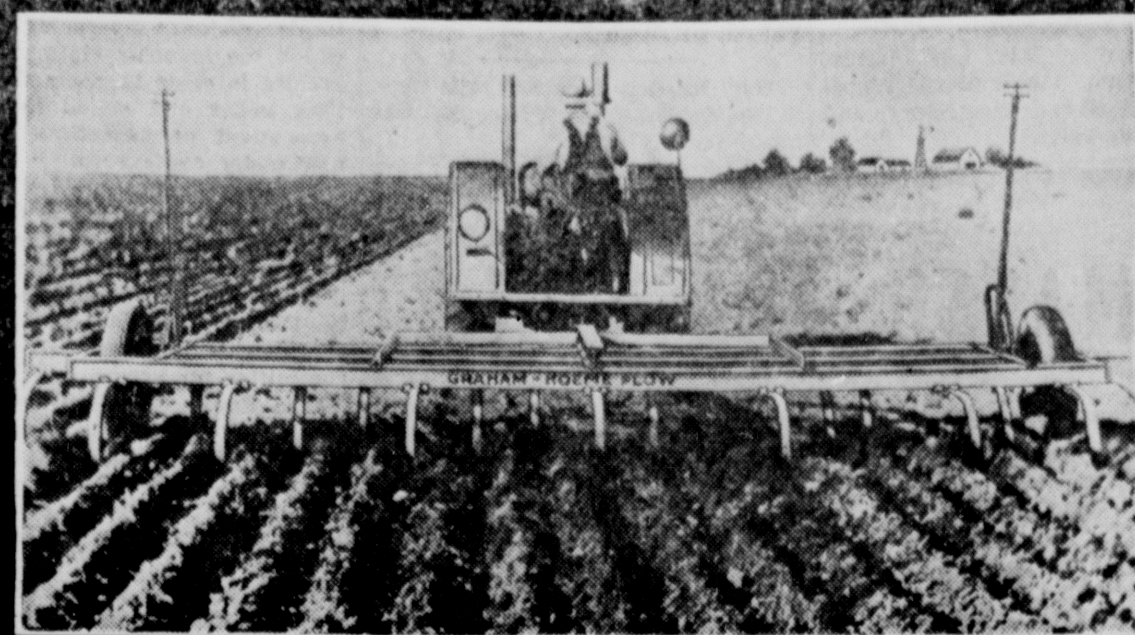

The man on the blanket looked up. He spoke with a rare economy of effort.

"Hi, Ep'taph. Make y'sef t'home. Meet m' sis' 'Vang'line." He closed his eyes, exhausted.

Epitaph shivered—half turned to flee. Then he made an about-face. Said Mr. Jones most politely, "How-de-do, Miss 'Vangeline, I jest dropped in to see would you like me for a steady boarder. I need me a change of climate, bad, and with you I could dwell forever in one apex of glorious delightfulness," concluded Mr. Jones in an ecstatic burst of poetic fervor.

Times change; if you don't think so, take your grandma to the beach this summer.

One of the reasons U. S. Secretary of State George C. Marshall speeded up a showdown with Russia on the future of Korea was the fact that the U. S. Congress did not meet the March 31 deadline on authorizing aid to Greece and Turkey. Some of Marshall's advisers thought delayed congressional action might be construed by the Russians as a softening in U. S. policy to prevent the spread of communism, so they chose Korea as a place to reaffirm that policy.

After prolonged negotiations, Britain has agreed to buy 25 of the 60 coal-burning Liberty ships built for her by the U. S. on Lend-Lease during the war. The U. S. isn't anxious to take the others back, but the British don't want them because of the coal shortage. British shipping more and more is converting to oil.

Mothers

"GOD could not be everywhere, so he made mothers." Thus runs an Eastern proverb. And we shall all testify that it is true. The early Christians found it difficult to refrain from worshipping the Mother of our Lord, even as we stand in reverence today in the presence of the mothers of our best women and men. Reverence is their due; they go down to the borders of death in order to bring back with them a new life, they forget their pleasures and their comfort that the growing child may be fed and taught and furnished with an adequate equipment for successful living among his fellows. Let us then speak our love and our high appreciation for all mothers everywhere: our debt to the mothers who have passed into the Heavens, our gratitude to the blessed mothers who remain to grace and adorn our homes of children and grandchildren, our appreciation for the mothers of today in the midst of their heavy responsibilities and great sacrifices, our tender solicitude for the young mothers and mothers-about-to-be as they dedicate themselves to the ongoing of the race.

Lord, who ordainest for mankind
Benignant toils and tender cares!
We thank thee for the ties that bind
The Mother to the child she bears

All-Gracious! grant to those who bear
A mother's charge the strength and light
To lead the steps that own their care
In ways of Love, and Truth, and Right.

—William Cullen Bryant.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

Pianists To Offer Unusual Concert

Solos, Duos, Four-Piano Numbers on Program For Monday Recital

Special enjoyment for music-lovers will be forthcoming Monday evening at 8:15 o'clock when the Music-Arts Club of Canyon will present a program of solos, two-piano numbers and four-piano selections, in the college auditorium.

Miss Pauline Brigham, associate professor of music, will be the soloist and will conduct the four-piano team comprised of Mrs. Newton Harrell, Mrs. Glenn Dowlen, Mrs. Glenn Truax and Mrs. Herschel Coffee.

The two-piano duo is Mrs. Ples Harper and Miss Matilda Gaume, who recently gave a recital and who will be part of the program for the banquet of the Panhandle-Plains

Historical Society Friday night.

The program will open with Miss Brigham in three numbers: Allegretto, Op. 31, No. 3, Beethoven; Love Dream, No. 2, Liszt; and Capriccio, Brahms.

The duo will offer the next group, with Mrs. Harper and Miss Gaume interpreting Sheep May Safely Graze, J. S. Bach; Valse, Op. 15, No. 2, Arensky; and Humoresque Negre, Homer Grunn.

Four selections by the four-piano ensemble will conclude the evening's entertainment: Fugue G Minor, J. S. Bach; Spanish Dance, No. 1, De Falla; The Harmonica Player, David Guion; and Rojo y Negro, Kay Kellogg.

No admission will be charged and the public is invited.

Mrs. B. R. Gardner of Amarillo was a recent guest in the home of her parents, Mr. and Mrs. B. F. Machen.

Mr. and Mrs. John Hardaway and his parents, Mr. and Mrs. W. H. Hardaway of Dumas, were recent visitors in Grady, N. M.

Announcement of the winners of the cash awards in the Vandale Historical Essay Contest will be made at the meeting. Music for the affair will be provided by Mrs. Ples Harper and Miss Matilda Gaume, of the college piano department, and the A Cappella Choir, directed by Glenn Truax.

Opening session of the day's program will be for the Board of Directors at 2 o'clock in Cousins Hall. The annual business meeting will follow at 4 o'clock, with members and their friends reconvening for the banquet at 7 o'clock.

All May Attend

The public is invited to the afternoon and evening meetings. Reservations for the banquet should be made with Dr. L. F. Sheffy, curator of the Museum, accompanying the order with \$1.50, the price of the plates.

Members of the executive council, chosen from among the approximately seventy directors, are: H. Y. Overstreet, Farwell, president; H. C. Pipkin, Amarillo; O. H. Finch, Dalhart; J. Evetts Haley, Canyon; S. B. Whittenburg, Amarillo; Newton Harrell, Claude; H. D. Bugbee, Clar-

endon; Earl Vandale, Amarillo; and Dr. Sheffy, secretary.

Principal attention on the agenda for the year will be focused on financing and completing the new wing of the Museum structure, now nearing final stages of building.

A STATEMENT OF FACTS

TO ALL SCHOOL PATRONS, PARENTS AND TAXPAYERS IN THE CANYON
INDEPENDENT SCHOOL DISTRICT

1. Your School Board of Education is challenged this year by an increased teachers' salary schedule, as adopted by the Texas Legislature, which must be met in Canyon if we are to keep good teachers and maintain a good school.

2. Teachers' salaries alone for the year 1946-47 are approximately \$57,875.00.

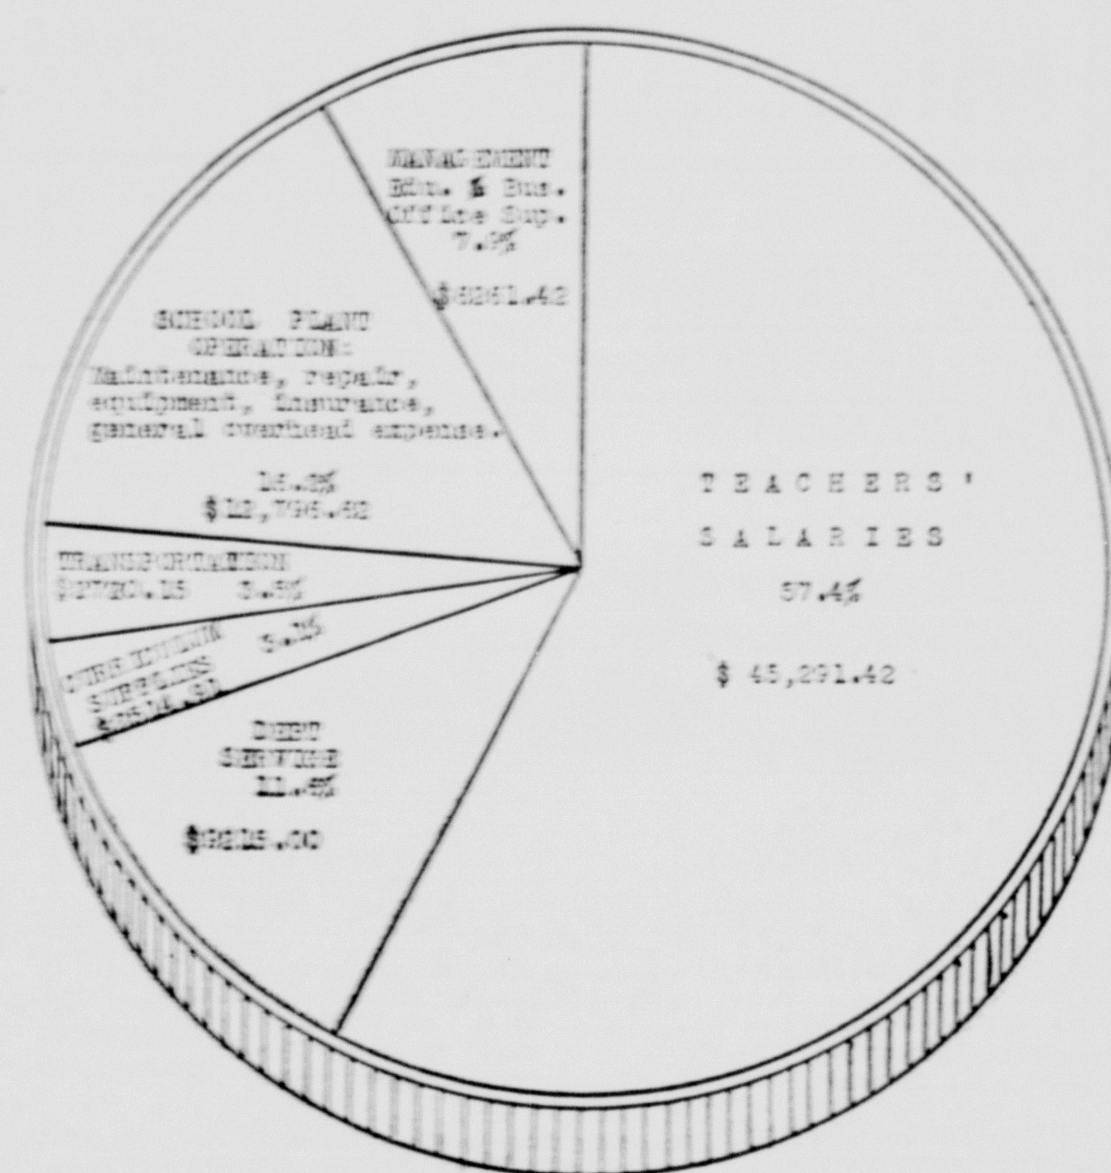

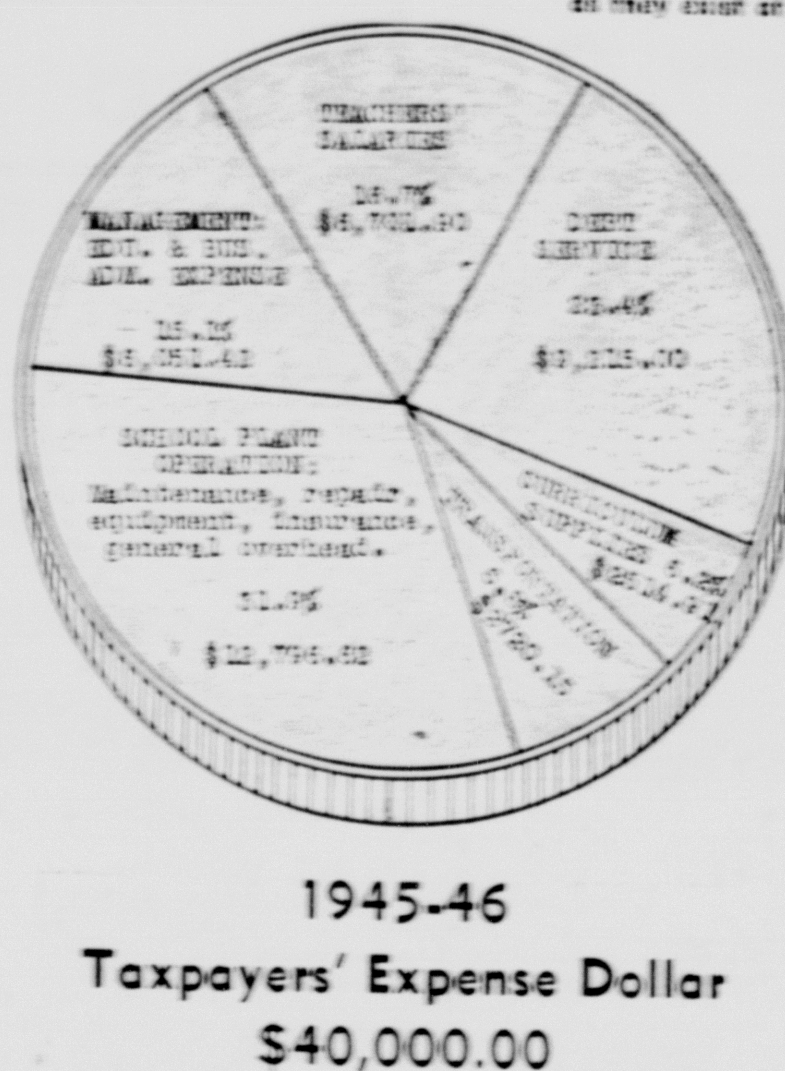

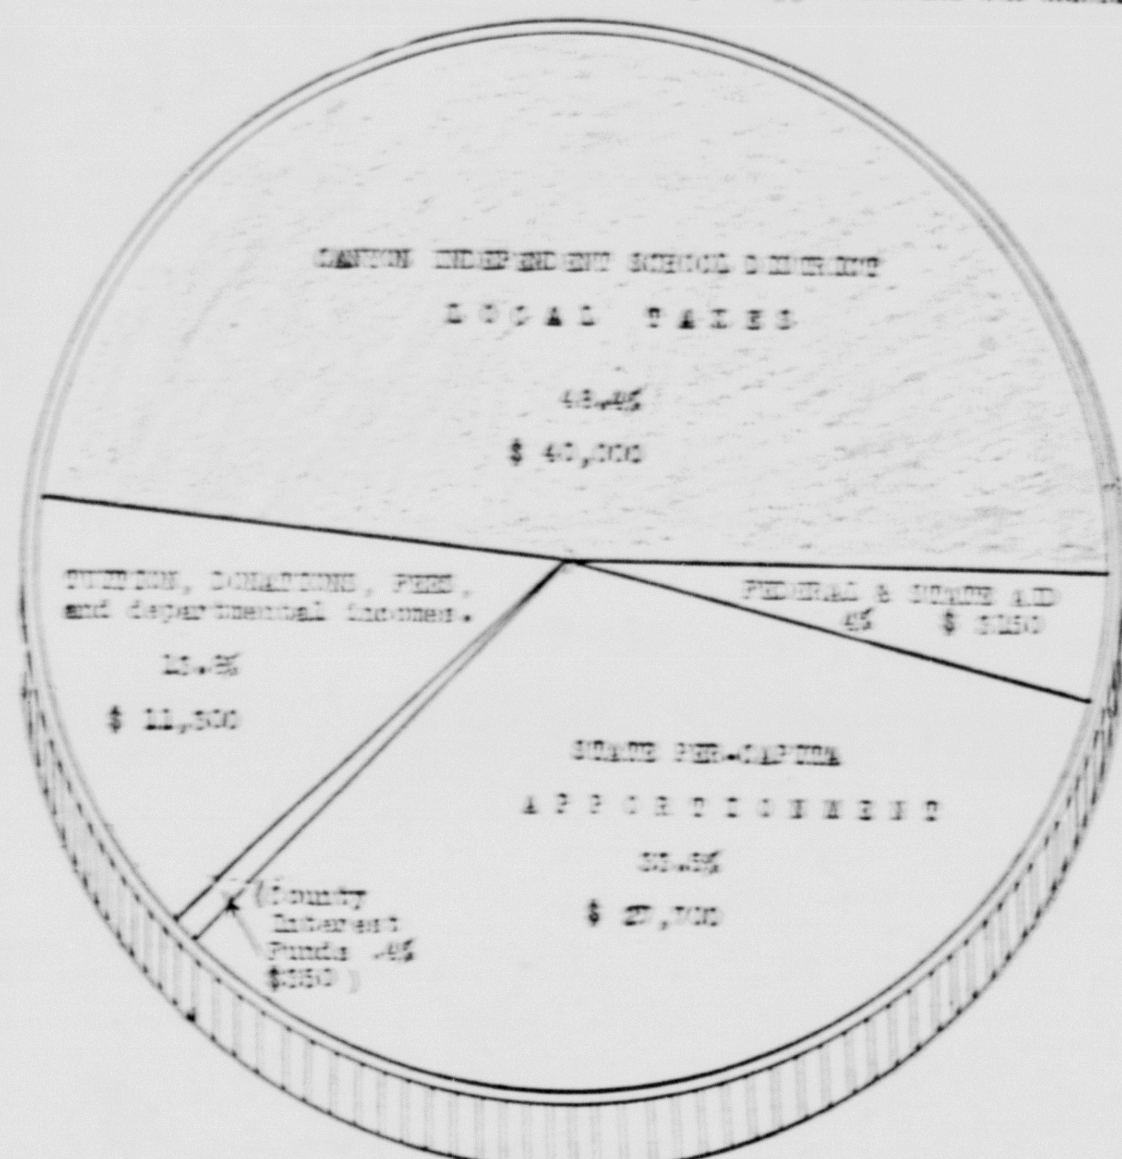

3. In order to meet the minimum salary schedule as required by law, the approximate cost for 1947-48 will be \$93,000.00 for teachers' salaries.

4. The new State per-capita apportionment will increase our income for

teachers' salaries approximately \$13,000.00. This leaves a deficiency of approximately \$22,125.00.

5. The problem for us as your school board and for YOU AS A TAXPAYER is how this deficiency of \$22,125.00 is to be met.

6. Your School Board of Education is making no recommendation at this time, but is presenting the charts, graphs, and pertinent data shown below with the hope that YOU may study the current trends, and financial status, as they exist at the present time.

The chart above reflects the complete distribution of the local taxpayers' dollar as shown by the shaded part of chart No. 1.

Miss Clara Frische Becomes Bride Of Jesse R. Stork in Church Rites

MR. AND MRS. JESSE R. STORK

Miss Clara Frische, daughter of Mr. and Mrs. Eugene Frische and Jesse R. Stork, son of Mr. and Mrs. P. W. Stork, were married in St. Mary's Church, Umbarger, April 22, at 9 a. m., with Father J. K. Krukert, pastor, officiating at the nuptial mass.

The candlelight service was read as the couple knelt before the altar which was decorated with bouquets of white Easter lilies and white gladioli, and flanked with tall white tapers in floor candelabra.

Wedding music included the traditional marches, and "Ave Maria," Schubert, was sung by the bride's mother, Mrs. Frische.

Miss Emma Friemel, maid of honor, was attired in a gown of yellow marquisette, fashioned with a basque waist and round neck with ruffle trim, and floor length full skirt. In her hair she wore carnations tied with yellow net. Her bouquet was of sweet peas and pink carnations.

Miss Viola Stork, cousin of the bridegroom, and Miss Margaret Frische, sister of the bride, were bridesmaids. They were dressed in gowns of pink and blue taffeta with skirts of net. Pink net bows with blue feathers adorned their hair. Both carried bouquets of sweet peas and pink carnations.

Flower girls were Romelda Gerber, niece of the bridegroom, and Rosalie Frische, sister of the bride. They wore identical dresses of white organza with blue trim and wreaths of sweet peas in their hair. They carried baskets of rose petals.

Charles Stork served his brother as best man, and ushers were Eugene and Carl Frische, brothers of the bride.

Entering on the arm of her father, who gave her in marriage, the bride chose for her wedding a gown of white satin styled with a square yoke of lace trim, and skirt of marquisette, embroidered with pearls. Her fingertip veil, edged in lace, was caught in a tiara of seed pearls. The bride's bouquet of white gardenias and white sweet peas was tied with satin streamers. With her bouquet, the bride carried a white rosary. To

complete her costume, she wore a strand of pearls.

To observe the traditional custom, for "something old," she carried her father's first communion handkerchief; "something new" was her wedding gown; "something borrowed" was a rhinestone bracelet belonging to Mrs. Spud Peters, sister of the bridegroom, and the names of the couple, with date and time of the wedding were embroidered in blue in a seam of the bridal gown.

The bride's mother was attired in a dress of navy blue with white trim, and her corsage was of red carnations. The bridegroom's mother wore a gray suit and a corsage of pink carnations.

Following the ceremony, a dinner was given in the home of the bride's parents for members of the wedding party and intimate friends and relatives.

The dining table, which was covered with a cloth of white linen, was centered with the three-tiered wedding cake, which was iced in white and trimmed in blue roses. At the top was a miniature bride and bridegroom. Decorations for the table were floral arrangements of pink carnations and sweet peas.

The couple left after the ceremony and dinner for a short wedding trip to an undesignated point.

For traveling the bride wore a dress of navy blue with white accessories. Her corsage was of white gardenias.

Mr. and Mrs. Stork are at home at 1205 W. Thirteenth St., Amarillo. The bride was graduated from West Texas State High School with the class of '45, and has been employed in Canyon for the past year.

The bridegroom attended school at Nazareth before serving with the Navy in the Pacific for eighteen months. He received his discharge in June of last year, and is employed in Amarillo at the present time.

Mr. and Mrs. Hugh Fite were recent visitors in the home of their mother, Mrs. Melinda Davis. Mr. Fite is employed with an oil company in Casper, Wyoming.

DEMONSTRATION COUNCIL REVEALS FUTURE PLANS

Mrs. R. A. Burrus presided when members of the Randall County Home Demonstration Council met in the Council room Saturday afternoon at 2:30. Representatives from ten clubs were present and reported on work accomplished for the month of April.

Mrs. L. S. Johnston, County T. H. D. A. Chairman, announced the district meeting which will be held in Hereford May 7. Mrs. H. R. Fulton told the group that \$68.62 was received as the result of the recent bake sale, and she thanked each club for participating.

Mrs. Leonard Winters, County recreation chairman, explained plans for the county-wide tea to be held May 9, at 2:30 in the parlors of the First Baptist church. J. B. Linn of KGNC will present a book review. The affair will be given to honor county 4-H Club members.

Miss Lou Ella Patterson, demonstration agent, stated that Miss Gwendolyn Jones, a state specialist, will be here, May 14, when she will present a canning demonstration in the Home Economics laboratory at West Texas State College. Each club is requested to send two representatives to the demonstration in order that they may be trained to take the information back to their clubs.

Those present were: Mrs. R. A. Burrus, Mrs. A. B. Haynes, Jr., Mrs. Jimmy Hartnett, Mrs. Ray Fisher, Mrs. A. N. Green, Mrs. B. A. Burrus, Mrs. Flynn Winters, Mrs. A. E. Wise, Mrs. H. R. Fulton, Mrs. R. C. Henry, Mrs. Kenneth Burum, Mrs. Bob Robins, Mrs. J. R. Sharp, Mrs. Fred Marshall, Mrs. Leonard Winters, Mrs. Forrest Gruner, Mrs. Johnston and Miss Patterson.

MOTHER-IN-LAW CLUB HEARS VARIED PROGRAM

Mrs. G. W. Cox was hostess when she entertained members of the Mother-in-Law Club in her home recently. Included on the program were piano numbers by Ann Holt, who played, "Austrian Song" and "Menuet." Mrs. T. W. Langston presented a reading about, "Mothers."

During the business session the present officers were re-elected for the coming year.

Mr. Cox took pictures of the group which will be shown at the covered dish luncheon, with the date to be announced later.

Refreshments of punch, chicken sandwiches, angel food cake, mints, nuts and olives were served by the hostess.

Attending were: Mrs. H. E. Campbell, Mrs. J. W. Bourn, Mrs. T. M. Thurmon, Mrs. J. A. Moore, Mrs. Nettie M. Cleland, Mrs. E. B. Anthony, Mrs. Jessie Reid, Mrs. Cynthia Anderson, Mrs. E. C. Langston, Jr., Mrs. C. O. Cooper, Mrs. M. E. Cleavinger, Ann Holt and the hostess.

Miss Beulah Hammond, daughter of Mr. and Mrs. John Hammond, has returned to Canyon after attending the Southwestern Baptist Seminary in Fort Worth for the past term. A guest in the Hammond home is Miss Zilda Silva, student in the Seminary from Brazil, who will visit here for several weeks.

Recent week end guests in the home of Mrs. Bertha Rhodes were Mr. and Mrs. Levi Cole, and Mr. and Mrs. Paul Lentner and daughters of Roswell, N. M. The girls spent the week end with their aunt, Mrs. Cole, while their parents went to Fort Worth. Mrs. Lentner is a daughter of Mrs. Rhodes.

Mr. and Mrs. Jay Prichard and Harold Jay, Wilbert Long, Mrs. Ocoee Warden and daughter, Virginia, A. B. Holt and Carol Ann, were recent visitors with Mr. Holt's son-in-law and daughter, Mr. and Mrs. George Blackwell, at Moriarty, New Mexico.

Mr. and Mrs. James Hodges and sons, Bobby and Jimmie, spent the week end visiting in the home of Mrs. Hodges' parents, Mr. and Mrs. Fred Hoskins, in Spearman. Mrs. Hodges, Bobby and Jimmie will remain for a visit this week.

Mrs. Charles Tadlock of Amarillo spent several days recently in the home of her sister, Mrs. Lee McLaury. Mrs. Tadlock will be remembered here as the former Miss Winona Burgan.

Mrs. Clarence Bauer and sons, Donnell Gene and Vance of Tulsa were visitors Saturday in the home of her parents, Mr. and Mrs. L. A. Donnell, and with friends here.

Mr. and Mrs. Sherwood Blasdel have returned from a two-weeks visit in Quincy, Ill. They were accompanied by their sons, Eugene and Michael.

Mr. and Mrs. C. L. Nicholson of Phillips were week end guests in the home of Mr. and Mrs. W. O. Johnson. Mrs. Nicholson is a daughter of Mr. and Mrs. Johnson.

The Senate Banking and Currency Committee will soon launch a sweeping investigation of Jesse Jones' record as chief of the RFC. Also slated to undergo Congressional inquiry are the Export-Import Bank and all other Federal loan agencies.

The Army is shifting away from specialized fighting groups and will soon discard units like raiders, mountain troops and some amphibious units. The new trend is to make all standard divisions air transportable.

The atom bomb threat has done one good thing. It has driven people back to the land. More city folks than ever before are discovering on farms the real meaning of independence.—Edwin A. Strout, Sr., president, Strout Realty Agency.

Housing officials no longer have much hope for 1 million new homes this year. The expected spring jump in new starts hasn't materialized. Best estimates are now that 1947 construction will run about \$2 billion less than predicted, even allowing for higher costs.

The National Boxing Association is ready to take over control of boxing from the New York State Athletic Commission, starting with the Tony Zale-Rocky Graziano fight this summer. The NBA has refused to recognize Graziano's New York suspension.

President Truman will ask Congress to appropriate \$40 million for his loyalty program, aimed to free Government payrolls of Communist workers.

Home builders hope to return this year to pre-war speed—three to four months for an average house. Greater production per worker, more materials already have cut last year's seven to nine months' average to four or five.

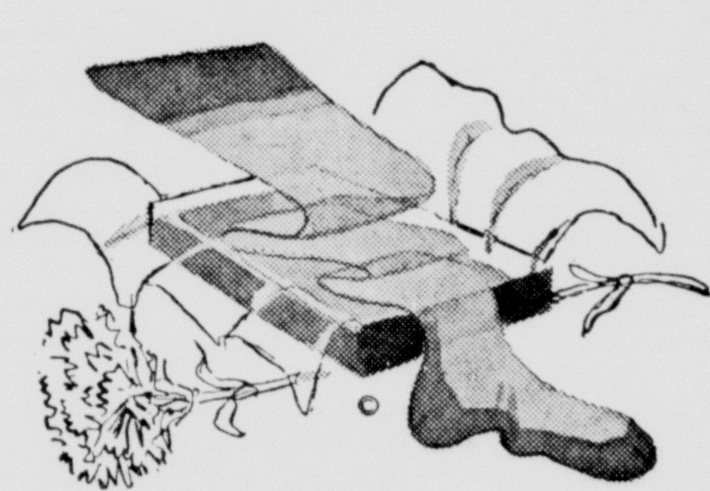

Pilfering from grocery store counters and shelves is on the increase because of h. c. l. though it's still lower than during wartime rationing.

DOES THAT MEAN H2O

OR O. T. x L. P.?

Hey, you kids of Canyon High how about letting me have a few words with you, that is, if you can spare the time. What's on my mind? Well, the books of CHS are merely lent to us and are not our own personal property but the school property. Therefore we haven't the right to mark, or scratch in them so the next student, who gets one will never be able to tell the difference between H2O and O. T. x L. P.

You can pick up any number of books and find written on the outside of them such remarks as follows: "If poison won't work, Geometry will"; "Take in small doses"; "Do not open, bull inside"; "Too dry to burn"; and "In case of fire throw this in."

Some of the new books which were purchased last year resemble something the baby has played with in his spare time.

What was done in the past cannot be undone, but the scribbling of the future can be prevented. When you are issued a mistreated book you don't like to use it (that is if you ever do). If you're tempted to create an artistic figure on every page, stop and think about the person who will get it the next year.

So fellow students, if we expect to have our books given to us free, we should, and must learn to take proper care of them!

Last Friday afternoon Mrs. George N. McDaniels, formerly Miss Kathryn Davies, CHS homemaking teacher, visited the students and faculty of Canyon High School.

The history of the past will do you no good if you don't know anything about it.

Wooten Gives Facts for Finale

In a called faculty meeting at 4:00 last Monday afternoon Superintendent E. A. Wooten announced several important facts concerning the closing of our school.

Combined Commencement Services for WT High and CHS will be held Sunday, May 25, in the college auditorium at 8:00 p. m. with the Rev. Leon Hill, pastor of the San Jacinto Baptist Church of Amarillo as the speaker of the hour.

Final exams will begin at noon, May 27, with first and second period class tests being given at that time. These tests will be concluded Thursday, May 29 at 10:30 a. m.

The noon meal will be served in the lunch room Thursday, and buses will run shortly afterwards, returning students from the high school and the grade school to their homes for the last time this year.

As is the custom of the community, the valedictorian and salutatorian honors will be announced at the graduating exercises Thursday evening.

Boys Will Finish Football Friday

Meade Michael Carries Only Touchdown for Win

A hard scrimmage Friday afternoon, May 9, will end spring football practice for this year.

Wednesday, April 30, a scrimmage was held. The second string backfield and the first string line composed one team while the first string backfield and the second string line composed the other team. The first combination mentioned won by a score of 6-0. Meade Michael scored the only touchdown.

First String Material

Running on the tentative first string are backfield men: Horace Carter, Tommy Hunter, Lee Bailey, and James Inman. Linemen are:

Jerry Inman, Jimmie Lindsey, Wayne Griffin, Austell Burrus, James Bible, and Clifford Burtz. Wayne Davis and Gerald McDuff alternate between the line and backfield. Dick Barrett also works on the first string line some of the time.

The second string is made up of backfield men Richard Walters, Joe Abbott, Wayne Richard, and Michael. In the line are: Billy Cleavinger, Marvin Fite, Barrett, Golden Currie, Benny Woods, Bruce Winn, Paige Carruth, and Bryce Slack.

Better Line

Spring practice is carried on for 30 days every spring to help coaches pick new material to fill old places.

Coach R. D. Wheelock states: "Competition is keen this spring for the positions on the football teams and our line will be somewhat strengthened next year."

Betty Erwin Has Spring Barbecue

Betty Ann Erwin was hostess at a barbecue given Saturday afternoon May 3, in her home for the second year homemaking class.

The meal consisted of barbecue, potato salad, lettuce and tomato salad, deviled eggs, cake, ice cream, and cold drinks.

After eating the group entered into various activities such as football, baseball, and hiking.

Those present were Frankie Sneed, Lynn Swartz, Jo Ann Bullard, Johnny Walker, Joe Abbott, Donna Erwin, Peggy LaLoge, Suzanne Stephenson, Leo Erwin, Bobby King, Coach R. D. Wheelock, Mr. Wayne Terry, Bill Davis, Dorothy Gafford, Bill Dugan, June Long, Frances Gooch, James Guthrie, Janey Forester, Richard Walters, Coy House, Weedon Young, Mr. and Mrs. Frank Erwin, Shirley Erwin, and the hostess.

'Mumbo-Jumbo', Enacted, Brings Record Receipts

Total proceeds from the senior play, "Mumbo-Jumbo," Thursday afternoon and night amounted to \$262.10, with approximately 400 persons attending the afternoon performance and 375 at night. These receipts and attendances are the largest numbers for a senior play in the past four years.

The cast of W. T.'s senior play were given complimentary tickets to the afternoon performance; therefore, the cast of Mumbo-Jumbo went on complimentary tickets to "A Date With Judy" Friday afternoon.

"The splendid cooperation of the cast, teachers, and all others who helped is the main factor for the success of the play. Also we wish to thank the businesses for their contributions that made such performances possible," states Mr. T. L. Devin, co-sponsor of the class. Miss Lurline Bowman, senior co-sponsor, and Mr. M. D. Shepherd, together with Mr. Devin, directed the play.

Lifelong friends usually meet only once in a while.

Winners Receive Strange Prizes

Home Making Class Has Box Supper on Tuesday

Joe Abbott, selected as the ugliest boy attending the box supper Tuesday, April 28, received a bottle of "Palmolive's After Shave Lotion." Baby socks were given Ray Burrus because he was chosen the boy with the biggest feet.

Burrus, Tallest

Austelle Burrus, the tallest boy attending the supper, received some shortening. Catsup was awarded to the shortest girl, Don Hickman and Sue Ann Colwell received a telephone for being the cutest couple. A cake was Bobby Jean Ford's award for being selected the prettiest girl. Suzanne Stephenson selected the prizes and presented them to the winners.

The boxes which were of many different shapes and sizes and originally decorated by the Home Making II girls were auctioned off by Mr. Bud Hickman.

Flowers Decorate Boxes

Many of the boxes were decorated with paper flowers that the students had made in class.

The boxes bought by the highest bidder, Mr. C. B. Erwin, was made by Mrs. Erwin.

The main purposes of the box supper were to teach the Home making girls how to prepare a well balanced picnic lunch and to finance the FHA Camping Trip. The proceeds were \$73.85.

Eagle's Tale Wins Award in League

The Canyon Eagle's Tale took second place in the recent Inter-scholastic League Contest at Austin, Texas this year.

The "Award of Honor" in journalism has been sent to the class and will be displayed with other certificates and trophies won in past years.

Out of a possible twelve places in the class B Panhandle District, Canyon won second. Students were eligible to attend the meet at Austin, and would have been admitted to all journalism events excepting the electing of the League officers for the coming year. Only winners of the "Distinguished Merit Award" were eligible to vote.

Date Conflicts

Since the housing shortage in Austin is so acute, and the date of the Meet conflicted with the date for the senior play, staff members of the Eagle's Tale did not make the trip to the Capital.

"We are glad to win this award, but want to be out for higher honors next year," states Mrs. Nora E. Gilmore, sponsor of the group. "The staff for next year's publication will soon be selected and we are hoping to attend the Annual Clinic to be held in Austin next September."

CHS Speech Students Take Honors at Speech Festival

In a Speech Festival at West Texas State Claude Beavers, who gave a poem, and Dana Rice, who gave a humorous reading, won a certificate of merit Saturday, April 26. Dana Rice went to Amarillo afterward and took part in a question and answer period in junior meeting of the air over KGNC.

They attended a luncheon at Randall Hall that evening.

A new rent control measure is being drafted by the Senate Banking and Currency Committee. Chances are that most old OPA controls will remain, but a 10% hike in all rents is almost a certainty.

FFA Chapter Stages Parent-Son Banquet

Brant to Attend Austin Meeting

GUY BRANT

Guy Brant, CHS junior, was chosen by the American Legion and Rotary Club to represent the Canyon chapters in Lone Star Boy's State June 8 to 15. The boys will be quartered in the dormitories of the Texas School for Deaf in Austin.

Boys' State was adopted to train boys in the duties, privileges, right and responsibilities of American citizenship.

Divide Into Parties

Those attending Boys' State will be divided into two political parties, the Pioneers and the Longhorns. From their number, about 300, the boys will elect officers, and will organize county, city, and state governments in accordance with regular procedures and learn the functions of government by so doing.

It is sponsored by the National organization of the American Legion, and is now in operation in thirty-eight states. Boys' State was first inaugurated in Illinois in 1934.

Guy is second assistant editor of the Eagle's Tale, a member of the band and chorus, a two year member of the Student Faculty Congress. He was Business Manager of the Eagle's Tale the first semester.

Robert Edgar Is Guest Speaker

In the last lyceum program of the year, Robert T. Edgar, of the Southern School Assemblies, gave a talk on astronomy and the new giant telescope, which is now nearing its completion in California.

After showing models of the large telescope and giant mirror, which is to be set in the telescope, Mr. Edgar answered questions that were asked from the floor. He also gave a brief sketch of what a trip to the moon would be like and some of the queer things that are believed to happen there.

Mr. Edgar was born in Scotland and studied in Australia before coming to California to finish his work. While he was obtaining his education he took up acting on both stage and screen. While he was doing this work he assumed the name of Edgar Roberts.

Mr. Edgar has been with Southern School Assemblies since 1942 and he states "that astronomy interests him more than any work he has ever done."

Secretary of State George C. Marshall is convinced that communism is not in condition to take over China at the present time. The Secretary, drawing on his year of experience in that country, feels certain that the Chinese Communists are not strong enough to assume control of the entire nation and run it under a single government of their choosing.

Taylor Presents Farm Address

Ag. Highlights of Year Is Theme of Inman's Talk

Clifford Burtz, toastmaster, started off the Tenth Annual Parent and Son's Banquet at 8:00 Tuesday night at the High School gym. Approximately 120 people attended. Those guests present consisted of the fathers and mothers of each FFA boy.

Students Take Part

The invocation was offered by Rev. Robert Jones; Greetings, James Bible; Response, Mr. B. A. Burrus; Highlights of the Year, James Inman; Introduction of the Sweetheart, Don Hickman; and address by guest speaker, Mr. Jay Taylor from Amarillo. Superintendent E. A. Wooten spoke a few words also.

The menu consisted of fried chicken, gravy, buttered peas, lettuce salad, hot rolls and butter, vanilla ice cream and cake, and ice tea.

Double Quartet Sings

Music was furnished by a double quartet consisting of Max Bellah, Harold Prichard, Robert O'Donald, Carrol Ray Dickerson, Frank Heare, Billy Dugan, Benny Jo Cupell and Bruce Winn.

Mr. Jay Taylor, connected with the Farmer's Credit Corp., of Amarillo, addressed the group on "Farming in the Southwest."

Bible Talks

James Bible discussed the aims of the FFA, welcomed the parents and revealed the fact that this is a national organization reaching from Hawaii to Puerto Rico with 6,000 active chapters and 206,104 members.

"This is the highlight of a successful year of work in Vocational Ag. and the FFA says Mr. T. L. Devin, sponsor of the local chapter.

College To Entertain Mothers Saturday

As continuation of an annual tradition, Mother's Day Assembly, sponsored by Alpha Sigma Xi Fraternity in cooperation with other students and faculty of the college, will be given Saturday at 11 o'clock in the Administration auditorium.

Included on the program will be a welcome given by Wayne Thomas, president of the club, response by Mrs. J. W. Walker of Plainview, numbers by the college choir, solos by Bill Hutchinson and Jean Mercer, poetic reading by Virginia Smith and a speech by Dr. Francis W. Pritchard, pastor of the First Presbyterian Church of Amarillo.

Prior to coming to Amarillo, Dr. Pritchard served as director of the Westminster Foundation of the two Denton colleges. He also taught Bible in the two colleges. He was pastor at Rockport, Mass. and Elkhart, Ind. before going to Denton.

Dr. Pritchard has attended De Pauw University, Harvard University, Episcopal Theology Seminary at Cambridge, Mass., and received his Doctor of Theology degree from the Boston University of Theology.

In 1939, Dr. and Mrs. Pritchard went to England where he did post-doctorate study at the University of Oxford. He also continued his study at St. Andrews in Scotland. Dr. and Mrs. Pritchard traveled by bicycle more than 800 miles through England, Scotland, and Wales. They went on into the continent and visited Belgium, France, Switzerland, Italy, Greece, Syria, Palestine, Trans-Jordan and Egypt.

Dr. Pritchard is a member of Sigma Nu Fraternity and Rotary International.

Before the assembly program, mothers will be honored with a tea by the home economics department on the third floor of the Administration Building.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of May 4, 1922)

Governor Pat Neff spent Monday in Canyon. Business was suspended for the morning and hundreds of Canyon people filled the auditorium to hear the address of the Governor and of members of the Board of Regents. During his visit in Canyon Governor Neff was handed a summons by a constable from Potter county to appear before the grand jury, to answer as to why he had given a pardon to a Potter county man from the penitentiary. The man was convicted in Claude. The Governor gave the grand jurors a tongue lashing for their presumption in calling upon the Chief Executive of Texas for an explanation of his constitutional rights.

John McCarty entered the 1 1/2 mile race in the TIAA meet at Fort Worth. He was the only student from the college to enter the meet. A son was born to Mr. and Mrs. R. E. Foster; a daughter to Mr. and Mrs. Elmer Bauer; a son to Mr. and Mrs. Cecil Newberry.

Dr. J. A. Hill, chairman of the Pulpit Committee of the Baptist church has announced that the congregation expects to call a pastor next Sunday to succeed Rev. B. F. Fronabarger.

Dr. W. R. Moody has moved from his farm north of Canyon to open dental offices here.

Socialization of Agriculture has begun in Eastern Germany. A drive is on to set up community pools of farm machinery in the Russian zone. Tractors, binders, threshers and other heavy equipment are to be turned over to a farmer's mutual aid union which will control more than \$10,000,000 worth of equipment. Even equipment that was turned over to small farmers by the Russians when big estates were broken up must be returned. Farmers now will rent equipment from 3,000 pools similar to machine-tractor stations in the Soviet Union. Some 1,200 pools already have been set up.

Addresses of German and Japanese businesses now are available to American businessmen at the Department of Foreign and Interzonal Trade, Minden, Germany, and at the Japanese Board of Trade (Boeki Cho), Tokyo. Occupation authorities will provide names and addresses of firms with specific industries. As yet, no transactions between Americans and Germans or Japanese may be carried out by mail.

One of the signs of decay in the late Roman Empire was the rise of intrigue, envy and gossip. I seem to note a similar rise in our own day; the keyhole columnists may be the emissaries of our spiritual dissolution—Sydney J. Harris, in Chicago Daily News.

A hot congressional fight will develop over President Truman's request for \$350 million for war relief in Europe and China. Many members of Congress will insist on a breakdown of the fund showing specific amounts to be spent in specific countries. The Administration opposes this, feels the naming of specific amounts will be interpreted as a pledge.

The Federal Reserve Board is anxious to cut margin requirements from 75% to 50% within the next two months. However, opposition from Treasury Secretary Snyder may hold any further reduction to 65 per cent.

A new 100,000 mile auto clutch is getting a two-month test in a Detroit car maker's endurance machine which automatically engages it 1,000 times an hour. If the clutch breaks down the machine stops, rings a bell, lights a red signal to show where the trouble is.

The Perfect Tribute to Mother

There's something about the beauty of flowers that seems similar to the gentleness and tenderness of a mother's love for her children... so on Mother's Day, send her flowers—the perfect tribute. Their beauty and fragrance bring to her something of the fullness of love that's in your heart... to show her the depth of your love and appreciation for all the things she's done.
